Machine Learning Assignment No. 1

After completing the assignment submit your solution/output for review

at : Intern.lastmoments@gmail.com

Data :

Last year, five randomly selected students took a quant and verbal aptitude test before they began their statistics course

Student	Quant(xi)	Verbal (yi)
1	95	85
2	85	95
3	80	70
4	70	65
5	60	70

Problem 1 :

Find the value of b_0 and b_1 .

Problem 2 :

Express the values of Problem 1 in a Linear Regression Equation.

Problem 3 :

Code it using Scikit-Learn.
